

Dear Friend,

Please Support Our Shelves and Support Your Community.

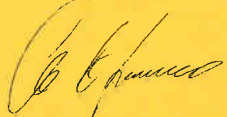

During these trying economic times, more of you are using **Dyker Library** than ever before. Brooklyn Public Library's free resources and programs, such as internet-ready computers and literacy programs, are in greater demand than ever. But the library is also affected by the difficult economy.

All year long, you and thousands of your neighbors use Dyker Library's free services—now we are asking you to give back what you can.

Support Our Shelves, Brooklyn Public Library's fundraising campaign, will help ensure that your branch, Dyker Library, can continue to provide the services and materials that you and your neighbors need to build a better and richer life.

When you Support Our Shelves by making a gift to the Dyker Library, you give back to your entire community. **All the reasons you use the library are all the reasons to give.**

Thank you!

DAVID

Support Our Shelves is a three-month, (March 1-May 31), borough-wide campaign which seeks to raise **\$300,000**. These donations will help ensure that Brooklyn Public Library can continue to provide essential library resources to our borough's 2.5 million residents.

Funds raised through **Support Our Shelves** will be used to purchase library materials, including books, DVDs and audio books, and support branch-based educational and cultural programs that we might not be able to offer otherwise, due to proposed budget cuts.

This campaign can only succeed with your help. **Support Our Shelves** is designed to encourage local support for neighborhood libraries, so every dollar you give—from \$1 to \$1000—will make a difference in the lives of the Brooklynites in your community. Please consider giving generously.
